

## LIGHT DUTY VEHICLE AND LIGHT DUTY TRUCK WARRANTY

ALTECH-ECO located at 101 Fair Oaks Rd., Arden, NC 28704 provides two types of warranty on our alternative fuel (CNG) vehicle systems that have received Environmental Protection Agency (EPA) Certificates of Conformity.

The ALTECH-ECO Limited Warranty applies to all the alternative fuel components and their installation that were supplied as part of the original installation by ALTECH-ECO or an authorized service facility of the alternative fuel system.

In addition, ALTECH-ECO also provides an Emissions Warranty on the alternative fuel components and their installation as required by federal regulations and this warranty applies specifically to the alternative fuel emission components that were supplied as part of the original installation. Your vehicle is designed and equipped at the time of the installation of the alternative fuel components to meet EPA emissions regulations for the alternative fuel. If it is a bi-fuel vehicle (EPA uses the term dual-fuel), the vehicle is designed and equipped to meet EPA emissions regulations for both fuels. No changes have been made to the gasoline emissions system at the time of installation of the ALTECH-ECO alternative fuel system. This Emissions Warranty has two parts to it - an Emissions Performance Warranty and an Emissions Design and Defect Warranty.

Warranty repairs can be made at the ALTECH-ECO authorized service facility that installed the alternative fuel components in your vehicle or any other ALTECH-ECO authorized service facility. If you require assistance in locating one of our authorized facilities please contact us at the telephone number on the letterhead. To obtain warranty service take your vehicle to an ALTECH-ECO authorized service facility as soon as possible after a defect has been noticed or after failing an EPA approved emission test. If the defect or failure is on a component other than the alternative fuel components, the vehicle should be taken to a dealer of the original vehicle manufacturer for repair. ALTECH-ECO is not responsible for repairs or warranty claims against the gasoline emissions system of your vehicle or other non-alternative fuel components.

### ALTECH-ECO LIMITED WARRANTY

ALTECH-ECO warrants that the alternative fuel components and their installation for our EPA certified alternative fuel systems are free of defects in material and workmanship for a period of 1 (one) year or 24,000 miles (whichever occurs first) from the date of original installation of the system by ALTECH-ECO or an authorized service facility. The sole obligation of ALTECH-ECO, under the terms of this warranty, is limited to replacing or repairing any ALTECH-ECO supplied alternative fuel components, which under normal conditions of use and service, proves to be faulty due to any defect in material or workmanship. If ALTECH-ECO is unable to repair or replace the alternative fuel components installed by ALTECH-ECO or an authorized service facility after a reasonable number of attempts, ALTECH-ECO will provide a full refund of the purchase price. This warranty does not cover any travel expenses or labor costs incurred in the diagnosis of defects, removal or reinstallation of the equipment. ALTECH-ECO is not liable for any other contingent, special, consequential or similar losses, expenses or damages. See section "Warranty Limitations and Disclaimers" for other limitations.

## **EMISSIONS WARRANTY**

The Emissions Warranty is comprised of two parts – an Emissions Performance Warranty and an Emissions Design and Defect Warranty. Both have coverage periods, which commence with the original production date of the vehicle and with zero miles on the vehicle and not the date when the alternative fuel components were installed on the vehicle and the mileage on the vehicle when this occurred. The sole obligation of ALTECH-ECO, under the terms of this warranty, is limited to replacing or repairing any ALTECH-ECO supplied alternative fuel emission component (see section “ALTECH-ECO Emission Component List”) which, under normal conditions of use and service, proves to be faulty due to any defect in material or workmanship. This warranty does not cover any labor costs incurred in the diagnosis of defects, removal or reinstallation of the equipment unless ALTECH-ECO determines that the failure is caused by a defect in design, material or workmanship. ALTECH-ECO is not liable for any other contingent, special, consequential or similar losses, expenses or damages. See section “Warranty Limitations and Disclaimers” for other limitations.

## **EMISSIONS PERFORMANCE WARRANTY**

The Performance Warranty covers (see “Warranty Limitations and Disclaimers” below) repairs or adjustments to any ALTECH-ECO supplied alternative fuel emission component (see section “ALTECH-ECO Emission Component List) to your vehicle because your vehicle failed an EPA approved Inspection and Maintenance program for your area during the warranty coverage period. The warranty coverage period for light duty vehicles and light duty trucks up to 8500 pounds GVWR is the first 2 years or 24,000 miles (whichever occurs first) of vehicle use and the first 8 years or 80,000 miles (whichever occurs first) of vehicle use for the AE fuel control module/interface module(s). See section “Warranty Limitations and Disclaimers” for other limitations. If you require more information about the Emissions Performance Warranty or believe that the terms of the Warranty are not being followed you may contact:

Manager, Certification and Compliance Division (6405J)  
Warranty Claims  
Environmental Protection Agency  
Ariel Rios Building  
1200 Pennsylvania Avenue, N.W.  
Washington, D.C. 20460

## **EMISSIONS DESIGN AND DEFECT WARRANTY**

ALTECH-ECO warrants that your vehicle is free from defects in the components supplied by ALTECH-ECO. ALTECH-ECO also warrants that there are no defects in the workmanship of the authorized service facility that could prevent the vehicle from complying with EPA regulations for the alternative fuel when the components were first installed. If an emission component (see section “ALTECH-ECO Emission Component List) that is part of the alternative fuel system installed on the vehicle is defective, the Emissions Design and Defect Warranty applies (see “Warranty Limitations and Disclaimers” below). The warranty coverage period for light duty vehicles and light duty trucks up to 8500 pounds GVWR is the first 2 years or 24,000 miles (whichever occurs first) of vehicle use and for the first 8 years or 80,000 miles (whichever occurs first) of vehicle use for the AE fuel control/interface module(s). See section “Warranty Limitations and Disclaimers” for other limitations.

## ALTECH-ECO EMISSION COMPONENT LIST

The following are ALTECH-ECO components that are part of the alternative fuel emission control system:

- Alternative fuel regulator(s)
- Alternative fuel injectors(s)
- AE fuel control/interface module(s)

## WARRANTY LIMITATIONS AND DISCLAIMERS

As a condition of this warranty, you are responsible for properly using, maintaining, and caring for your vehicle as outlined in the ALTECH-ECO Owner's Manual and the OEM Owner's Manual. ALTECH-ECO recommends that you retain all copies of maintenance and service records for review by ALTECH-ECO. The warranty covers the original owner and subsequent owners must provide a written request for the transfer of the warranty from ALTECH-ECO. Specifically excluded from this warranty are products, which have been subjected to neglect, abuse, improper application, unsuitable installation environment, unauthorized attachments or modifications, the use of contaminated fuel, or damage caused by disasters such as fire, flood, wind, and lightning. Tampering with the vehicle's odometer either before the alternative fuel components were installed or after installation may at the discretion of ALTECH-ECO void the warranty. Also excluded are products which have been repaired or adjusted by persons other than an authorized ALTECH-ECO representative and where parts or products other than those manufactured or supplied by ALTECH-ECO have been used unless the original end user can demonstrate to the satisfaction of ALTECH-ECO that said repair or use of non- ALTECH-ECO products has in no way contributed to the warranty claim. ALTECH-ECO is not responsible for repairs or warranty claims against the gasoline emissions system of your vehicle or other non-alternative fuel components.

UNDER NO CIRCUMSTANCES WILL ALTECH-ECO BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES BASED ON BREACH OF WARRANTY, BREACH OF CONTRACT, NEGLIGENCE, STRICT LIABILITY, TORT, OR ANY OTHER LEGAL THEORY OR ANY EXPENSES INCURRED BY REASON OF THE USE OR SALE OF ANY SUCH PRODUCT WHICH INCLUDE BUT NOT LIMITED TO LOSS OF PROFIT, LOSS OF SAVINGS OR REVENUE, LOSS OF USE OF PRODUCT, COST OF CAPITAL, COST OF ANY SUBSTITUTE EQUIPMENT, FACILITIES, OR SERVICES OR DOWN TIME OR THE CLAIMS OF THE PARTIES INCLUDING CUSTOMERS AND DAMAGE TO PROPERTY.

THERE ARE NO EXPRESS WARRANTIES OTHER THAN SET FORTH IN THIS DOCUMENT. THE WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES IMPLIED BY STATE OR LAW, WHETHER MERCHANTABILITY OR FITNESS FOR A PARTICULAR APPLICATION OR FITNESS FOR A PARTICULAR PURPOSE OR USE OR OTHERWISE.

Some states do not allow limitations on how long an express warranty lasts; therefore the above limitation may not apply to you. In addition, some states do not allow for the exclusion or limitation of incidental or consequential damages therefore the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other legal rights, which vary from state to state.

Some states and/or local governments may charge a tax on either all or a portion of the warranty repairs. Where this is allowed, the tax must be paid by you and not by ALTECH-ECO or our authorized service facility.

Information in ALTECH-ECO's catalogues or other documents are given after the exercise of due care in its compilation, preparation, and issuance; however, ALTECH-ECO DISCLAIMS ANY LIABILITY RESULTING FROM SUCH INFORMATION except for the obligation under the warranty provided above to replace or repair the product or, at ALTECH-ECO's option, to refund the purchase price.
